**PETITION TO WITHDRAW HOLDING OF ABANDONMENT**  
**-- OFFICE ACTION [Notice to File Missing Parts of Non-Provisional Application]**  
**NOT RECEIVED**

1. I hereby petition to withdraw the holding of abandonment in this case on the basis that the Notice to File Missing Parts of Non-Provisional Application forming the basis of the abandonment was not received.
2. I hereby state:
  - a. The Notice to File Missing Parts of Non-Provisional Application indicated as mailed on **January 22, 2002** was not received.
  - b. A search of the file jacket and the docket records in my office indicate that this Notice to File Missing Parts of Non-Provisional Application was not received.
3. I attach a copy of the docket record where the non-received Notice to File Missing Parts would have been entered had it been received and docketed.
4. As additional evidence of non-receipt of the Notice to File Missing Parts of Non-Provisional Application I also attach:

- ☒ Declaration of Jacqueline Neuman, who is the individual who would have handled the Notice to File Missing Parts of Non-Provisional Application had it been received. [Attachment No. 1]
  - ☒ Redacted copy of mail log record which discloses receipt of all correspondence received from the PTO on or about the mail date of the non-received Notice to File Missing Parts of Non-Provisional Application. [Exhibit A to Declaration of Jacqueline Newman]
  - ☒ Redacted copy of the docket report on which the Notice to File Missing Parts of Non-Provisional Application would have been entered had it been received. [Exhibit C to Declaration of Jacqueline Newman]
  - ☒ Declaration of Steven H. Meyer, Esq., verifying that the redacted copies of the mail log and docketing report do not contain the alpha code "BELL" which is the alpha code for the present number. [Attachment No. 2]
5. Although Applicants assert that the Notice to File Missing Parts of Non-Provisional Application was never received by the Applicants' undersigned attorney during the period stated above, Applicants' undersigned attorney has obtained a facsimile of the Notice to File Missing Parts of Non-Provisional Application dated January 22, 2002. Accordingly, Applicants' response to said Notice to File Missing Parts of Non-Provisional Application in the form of Executed Declarations for each named inventor and payment of surcharge is submitted concurrently herewith. [Attachment No. 3]
6. In consideration of these submissions it is respectfully requested that the holding of abandonment be withdrawn.
7. The petition fee is paid as follows:
- ☒ Enclosed please find a check in the amount of \$130.00 for the Petition Fee.
  - ☒ Enclosed please find a check in the amount of \$130.00 for the surcharge for late filing of the executed Declaration.
  - ☐ Please charge Deposit Account No. 23-3050 the sum of \$130.00. A duplicate of this petition is attached.
  - ☒ Please charge Deposit Account No. 23-3050 for any fee deficiency or credit this account for any overpayment for this petition.

## DECLARATION OF JACQUELINE M. NEUMAN

1. I am the Docket Supervisor at Woodcock Washburn (the firm) and have worked in the firm's Docket Department for 23 years.

2. Mail is opened, sorted and date-stamped by the Support Services Personnel at the firm who are trained to identify, collect and forward all office actions to the Docket Department.

3. Once the mail has been opened, stamped and sorted by Support Services, the Docket Department is contacted and the sorted mail is reviewed again by the Docket Department to be certain all office actions and PTO notices have been collected for docketing.

4. The Docket Department then verifies the proper identification of each office action via the firm's computer docket system (PC Master). After proper identification, each office action and notice is entered onto the firm's Mail Log, which serves as a written record for documents received from the U.S. Patent and Trademark Office (PTO) at the firm on a daily basis. The Docket Department personnel initial each action on the upper right hand corner. Copies of the firm's Mail Log for the period of January 22, 2002 through February 22, 2002 are attached as Exhibit A.

5. After the mail is processed by the Docket Department, it is returned to Support Services for copying. When the copying is completed, the original actions and the copies are returned to the Docketing Department.

6. The Docket Department checks the copies and then distributes the originals to the appropriate secretaries and prosecution paralegals and retains the copies for processing of due dates, and the like.

7. Upon receipt of the original actions by the secretaries and/or paralegals, they, pursuant to instructions, look for the date stamp and the initials in the upper right hand corner of the action. These two notations together indicate that the action has been properly processed thus far and that a copy has been made for the Docket Department to assure that the action was entered into the firm's docket system and mail log. If either the date stamp or initials are missing, the secretaries and/or paralegals, pursuant to instructions, assume the action has not been properly processed and bring it to the attention of the Docket Department immediately.

8. Once the item is entered onto the docket software (PC Master), the item will appear on a Rolling Four-Week Docket Report at the appropriate time frame for four weeks prior to the deadline and continuing until the deadline. The weekly docket reports are distributed to attorneys, secretaries and paralegals for monitoring purposes. Additionally, the Docket Department runs a special 2-day docket report check and E-mails attorneys and their

secretaries of outstanding, non-extendible deadlines. These E-mail messages are checked in the "Tracking" section of E-mail to determine whether the message has been opened. Further the Docket Department receives daily an E-mail of the "Out List" for the firm which identifies persons who are not present at the firm. The Out List is prepared by the Receptionist so that the Docket Department can be made aware if an attorney or secretary was out. This would enable the Docket Department, to alert an alternate party, if necessary.

9. Once an Office Action or notice is responded to, the secretary or paralegal sends the Docket Department a Docket Process Form, a copy of which is attached as Exhibit B. The Docket Process Forms identify the case by country, serial number, filing date, due date, and client, and also identifies the communication sent to the PTO and the date it was sent. Each of these areas must match the computer record before a due date is removed. In this way, the Docket Department can safely remove a due date from the action field and place it in the action history of the records.

10. The current docketing system has operated with a high degree of accuracy in situations where communications from the PTO were received by the firm.

11. The firm never received the original Notice of Missing Parts dated January 22, 2002, as is apparent from the attached Mail Log (Exhibit A). It is noted that during this time period, many communications from the PTO were received. However, the communications received do not include a Notice of Missing Parts for Serial No. 025,649

(Docket No. BELL-0160). If the Notice of Missing Parts had been received, it would have been docketed in accordance with the foregoing procedures.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any registration issued thereon.

Kane, Dalsimer et al of New York sends us copies of the PTO actions they receive on this matter. Since this is a re-examination by a Third Party Requestor (we don't know who that is), there aren't any papers that we need to take action on during this prosecution. Just monitoring. - Bump in increments of 1 yr. until issued.

**DECLARATION OF STEVEN H. MEYER, ESQ.**

1. I have been an attorney at the firm of Woodcock Washburn LLP since May 18, 1998.
2. I am the attorney for the prosecution of United States Serial No. 10/025,649, filed December 19, 2001, also known as Woodcock Docket No. BELL-0160.
3. I have completed a thorough search of the file and my office and have concluded that the Notice to File Missing Parts of Non-Provisional Application, indicated as mailed on January 22, 2002, was not received by Woodcock Washburn LLP.
4. Enclosed is a redacted copy of the mail log record which discloses receipt of all correspondence received from the PTO on or about the mail date of the non-received Notice to File Missing Parts of Non-Provisional Application and a redacted copy of the docket report on which the Notice to File Missing Parts of Non-Provisional Application would have been entered had it been received. I have reviewed both of these documents and confirm that the Notice to File Missing Parts of Non-Provisional

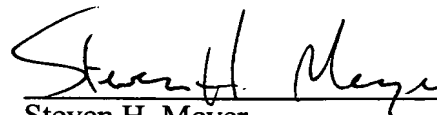

Application was not entered on either report due to the fact that it was never received by our office.

5. I confirm that the copies of the mail log record and docketing report have been redacted to exclude the alpha code assigned to a given client. Each of the firm's docket numbers is an alpha numeric code. The alpha code represents the given client while the numeric code identifies the particular matter for that client (e.g., BELL-0160 identifies BellSouth as the client and matter number 0160 corresponds to U.S. Application No. 10/025,649). Disclosure of a given alpha code could potentially identify our client to the public upon issuance of the application in question. In addition, such disclosure could be construed to reflect confidential information of those respective clients. Accordingly, the alpha code portion of the docket numbers on the enclosed docket report and mail log have been redacted out.
6. I further confirm that any numeric code "0160" appearing on the docket report or mail log corresponds to an alpha code other than "BELL."

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
